

ABS LABOUR FORCE SURVEY  
AUGUST 1978

HUR800

0001

The image displays a 10x10 grid of 100 small, rectangular panels. Each panel contains a highly detailed, textured pattern that appears to be a microscopic view of a material or a complex, organic structure. The patterns are dense and irregular, with many small, dark, and light-colored regions. The overall appearance is that of a scientific or technical document, possibly a collection of micrographs or a data visualization. The panels are arranged in a regular, repeating grid, and each panel is separated by a thin white border. The patterns within the panels are very similar to each other, suggesting a common underlying structure or process. The colors are primarily black, white, and grey, with some subtle variations in tone and texture. The overall effect is one of a highly organized yet complex and detailed visual field.
